## Republican Congressional Convention.

**SECOND DISTRICT.**

A Republican Convention for the Second Congressional District in the State of Wisconsin, will be held at the city of Janesville, on Wednesday the 23rd day of August, 1860, at 12 o'clock M., for the purpose of nominating a candidate for member of Congress of said district, to be supported at the next general election.

Each assembly district will be entitled to two delegates in said convention.

The several assembly district committees are requested to take measures for the appointment of delegates to said congressional convention, from their respective districts.

Madison, June 25, 1860.

A REMARK.—It is rumored that a petition will be circulated in a few days, requesting Judge Paine of the supreme court to resign his place, because he does not act in those instances where of all others he was elected to act.—*Racine Journal.*

There has also been some rumor in this city, and it has been asserted, we know not with how much foundation in truth, that three or four thousand signatures could be obtained to such a petition in a short period.—*Free Democrat.*

We believe, on the other hand, that as many names can be procured asking Judge Paine to pay no attention to such a petition, as can be got to sign it. Judge Paine has been counsel in the Booth case, and comes to the conclusion that he ought not to act, as a judge, in relation to it. We respect his delicacy, which is highly commendable and proper. It is because he so acts that the friends of Mr. Booth propose to ask him to resign. We think it would be an outrage to petition him to vacate his place on the bench because he has conscientiously discharged his duty, as he understands it. We never want to see a judge sitting upon the bench deciding a case in which he has been counsel; it would destroy all confidence in the judiciary if this should become the rule. We say this in justice to Judge Paine, and not because we want Mr. Booth to remain imprisoned an hour. We would be glad to see the writ of *habeas corpus* issued, and the sovereignty of the state vindicated; but not by the coercion of a judge or by the voluntary sacrifice of propriety and good conscience on his part.

A DEMAGOGUE ASSURANCE.—Mr. Douglas has had the impudence, in his Boston speech, to charge upon congress waste of time upon the slavery question, so that none of the important measures of the country have been attended to "for years." Who commenced the agitation of the slavery question by the repeal of the Missouri compromise? Stephen A. Douglas. Who continued it in congress, declaring that he would "subdue" the republicans for their opposition to that measure? Stephen A. Douglas. Who neglected all the measures demanded by the interests of the country, during the last session, in order to agitate the slavery question? Stephen A. Douglas.—Bill, for a tariff, securing homesteads to the people, the building of a Pacific railroad, mail routes to the Pacific—most of these passed the house—but Mr. Douglas was too busy in the senate agitating the subject of slavery to attend to these things, and they all failed to become laws. But he had time to introduce a sedition law, by which people were to be punished for the discussion of slavery—he had leisure to pour out the vitals of his hatred upon Wm. H. Seward—he had no scruples in consuming time—days and weeks, and his fellow democrats—upon abstract resolutions on the subject of slavery, and manufacturing platforms for the democratic party. And now, with brazen faced audacity, he dares to stand up in the presence of the country, and charge other men with wasting time in congress, and by inference proclaiming his own innocence of any such delinquency! He must have great confidence in the ignorance and stupidity of the people.

The Douglas men pretend to have hopes of carrying New York, because Fernando Wood and the Catholics are for them and will give them a great majority in the city. Let them remember that New York is a commercial city, trading with the south; and if the south will not support Douglas, the commercial men of New York will not. They will explain the recent addition of the New York Herald to Breckinridge. As for the Catholics, they repel more votes than they give, if they are noisy in their support of a candidate.

OVERPOWERING HEAT IN ST. LOUIS.—During last week the weather has been unprecedentedly warm at St. Louis, the thermometer ranging from 100° to 108° in the shade. At 4 o'clock on Saturday, the mercury had risen to 107°, the highest point reached in the memory of the oldest inhabitant. Upwards of forty deaths from heat are reported by the coroner since Friday.

There was a tornado at Louisville on Saturday, which unroofed several buildings, prostrated trees, and blew boats from their moorings. There was also a storm at Cairo on the same day, which unroofed the Illinois Central freight house, and several other buildings.

## REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,  
Office in Union Passenger Depot.

The Tribune Washington correspondent announces the defection of Maj. R. Sutherland, quarter master of the marine corps, for \$50,000.

A store-keeper named Lewis, murdered his wife on Saturday, at Bound Brook, New Jersey, and then committed suicide. Cause—jealousy.

Ex-deputy U. S. marshal Rynders, who is under indictment for conniving at the escape of a slaver, was yesterday committed to the Tombs for insanity.

St. John's, N. F., July 25.

Yesterday delegates were presented to the Prince to which he replied as follows: I sincerely thank you for the addresses presented to me and for the hearty welcome received from all on my landing on the shores of this the earliest colonial possessions of the British crown. I trust you will not think me regardless of your zealous loyalty, if I acknowledge the great satisfaction to report to the Queen the devotion to her crown and person unanimously evinced by the reception of her son, eloquently expressed in the addresses from various bodies in this town and harbor of her grace. I am charged by the Queen to convey to you the assurance of the deepest concern she has ever felt in this interesting portion of her dominions. I shall carry back a lively recollection of this day's proceedings, and of your kindness to myself personally, but above all of those hearty demonstrations of patriotism which prove your deep-rooted attachment to the great and free country of which we all long to be called her sons.

The Prince possesses the populace immensely by his handsome countenance and mild, gentlemanly bearing.

The Market.

New York, July 25.

Flour market heavy and 50 to 100 super.

Sales 12,000 bbls. at 5,000 to 10 for western, 5,250 to 45 for inland to good shipping brands, extra R. H. Ohio. Wheat market heavy. Sales 40,000 bush. 1,21 Milwaukee club.

The Piqua Enquirer, one of the ablest of the democratic papers of Ohio, has left Douglas and come out for Lincoln.

Among other reasons for taking this course, it gives the following:

"The position we have occupied for years on this question has been familiar to our quondam political associates. We have openly avowed our most unqualified opposition to the principle that the constitution recognized or protected slavery in the territories, and to that other modern political heresy, a slave code, in no unmeasured terms. We demanded the most perfect freedom to the people in the territories, with the right guaranteed them not only to regulate their own affairs in their own way, but to elect their officers from Governor down, thus giving them popular sovereignty in the truest sense of the term; but we have got nothing, and are now required to swallow Breckinridge and Lane with a slave code, or Douglas and Johnson and the Dred Scott decision, with the southern interpretation, or go out of the party to which we have ever belonged. We have chosen the latter.

WISCONSIN WOMEN.—A gentleman traveling in Dacotah county, Minnesota, last week, came across a large emigrant camp about five o'clock in the morning, and noticed at that early hour two large churns, upon which two women were vigorously operating. Upon inquiry, he learned that the party were from northwestern Wisconsin, and had many cows, and that they had churned every morning the cream from the previous evening's milk, and sold the butter on the way.

CONVICTS.—Col. Forney, of the Philadelphia Press, in the issue of that paper of the 17th inst., virtually concedes that the election of Abraham Lincoln is a foregone conclusion.—Forney has been the high priest of Douglasism in Pennsylvania, and concession on his part is significant.

COMPLIMENTARY.—The Beaver Dam Democrat, a rampant Breckinridge paper, says that Judas Iscariot was a gentleman in comparison with a Douglas Squatter. Sovereignty democrat. As these fellows are well acquainted with each other, it is not unfair to place some reliance upon what they say about the members of their own party, if there is collateral evidence to substantiate their declarations.

Judge Terry, who killed Broderick in a duel, has been acquitted by a collision between the prosecution and the defence.

John Hickman made a republican speech in Janesville yesterday.

A Breckinridge district meeting was held in Oswego, N. Y., yesterday, to elect delegates to the State convention. Every town and ward was fully represented.

DEATH OF MR. GALES OF THE NATIONAL INTELLIGENCER.—Mr. Gales, of the National Intelligencer, died on the evening of the 21st, at Washington, on the 75th year of his age. He was, during two-thirds of his life, connected with that establishment.

He had been very infirm, but continued his usual visits to the office until towards the end of last week. He was deservedly held in the highest esteem by all classes in the community.

In order to amuse the children on the Sabbath, a lady was recently engaged in reading to them from the Bible the story of David and Goliath, and coming to the passage in which Goliath so boastfully and so defiantly dared the young stripling, a little chap, almost in his trousers, said: "Skip that, skip that, he's only blown!" I want to know who kicked?

Big FR.—It is said that Senator Benjamin has received a retainer of \$12,000, to proceed to California, to argue the question of title to the Alameda quicksilver mines, and that his contingent will amount to half a million.

An Irish sailor once visited a city, where he said, they copper-bottom the tops of the houses with sheet lead.

FOR SALE.—The public house and one acre of land near the depot, of the village of Postville, buildings nearly new and in good repair, good well of water and a good cellar, and convenient horse barn about four rods from the depot. The above property will be sold at a very cheap rate. This indispensable item of a very cheap rate. Inquire of R. A. Fox in Rockville, or of the publisher, two miles north of Postville.

## Republican Meeting at Edgerton.

The Republican club of Edgerton will meet at Swift's Hall, Saturday evening, the 28th inst., at 7 o'clock. C. G. Williams Esq., and others have been invited and will be present and address the meeting.

Come one, Come all.

Per order of Committee.

**A NEIGHBORLY ACT.**—We are ready at all times to acknowledge a friendly act, and with this feeling we tender our thanks to the jobbing office of the Milwaukee Sentinel for a kindness disinterestedly bestowed. The agent of a popular exhibition was induced to order at that office his printing for Janesville, under a representation that there was no office in Janesville that could print a programme bill. When that agent visited our establishment and saw our steam presser, and a three sheet poster we are getting out for the National Horse Show, he came to the conclusion that a programme might possibly be printed in an emergency, and that the Sentinel man might perhaps improve his own style by an examination of our specimens of work.

**NATIONAL HORSE SHOW.**—The replies from the judges appointed on the awarding committees are beginning to come in, and in every instance, so far, the appointment has been accepted. All the indications are favorable to a most successful exhibition. The proprietor and his assistant we know are working with great industry and energy, and the press throughout the northwest has commenced its valuable aid. The following from the Kilbourn City Mirror will show in what manner the objects and arrangements of this fair are noticed:

**NATIONAL HORSE SHOW AND EQUESTRIAN FAIR.**—We have received from the superintendent, one of the small bills of this show, which is to be held in Janesville, Wis., Sept. 1st, 3th, 5th and 7th. The Ladies Equestrian Fair is to be a prominent feature of the occasion. About fifty premiums are offered, varying from \$10 to \$200 each, and amounting to \$3,000 in all. Six premiums are offered to the lady equestrians, in silver plate and gold watches, the lowest valued at \$50 and the highest \$150. The railroad has agreed to carry at half fare, and the bill states that seats will be prepared on the grounds sufficient to accommodate 30,000.

Janesville must prepare for a tremendous gathering of people from abroad.

**SIGNOR BLITZ.**—Who has not heard of Signor Blitz, and who does not wish to see his wonderful performances? Our citizens can now be gratified in their wishes, as he will exhibit to-morrow evening at Lappin's Hall. He gives but one exhibition, and an early attendance will be necessary to gain admission. See advertisement.

**A COOL PROPOSITION.**—The Milwaukee Wisconsin notices a proposition made to the board of councillors of that city, to this effect: "That whereas E. L. H. Gardner has left the city, Mr. Robert B. Lynch, he permitted to pay to the city what it is charged he had wrongfully taken while city clerk, and that he be permitted to make a full settlement with the city, and the suits against him be withdrawn." This modest proposal to compromise a felony was taken up by the board, and deliberately entertained by some of the members. It finally came to a vote and resulted 8 for and 8 against it. Conn. Webster was in the chair and voted against it, so that it was finally lost.

A latent sense of shame came over the board afterwards, and a resolution was adopted that all mention of the transaction be kept out of the official report, so that it might not go abroad that such an idea was ever entertained.

The Wisconsin also states that Mr. Gardner left the city last Wednesday evening, and it is claimed by his friends that he has gone to some water cure establishment for his health. Whether this is so or not remains to be seen. Of course his bail is held to the amount of \$5,000. Mr. G. D. Doanman is his surety.

**HIGHWAY ROBBERY.**—Mr. A. V. Pierce came to this city yesterday from Minnesota, by way of La Crosse, and was endeavoring to find some relatives who had settled in this vicinity. He got somewhat confused in his search and wandered out of the right direction till he came upon a new road, running east from Mr. Calkins' corner of the hill towards Emerald Grove. About nine o'clock in the evening, when he was upon this road, in the woods above Calkins', he was assaulted by two men who jumped over the fence into the road and took him by the collar, demanding his money. He made outcry, when they throttled him, searched his pockets, and taking his valise, ran into the woods. The valise contained \$505 in gold, and two dollars in gold were taken from his pocket.

Mr. Pierce came to town and obtained the assistance of the sheriff and others. Search was made, and this morning two persons were arrested on suspicion of having been the perpetrators of the robbery. They were brought before Police Justice Costcock—J. C. Sloan appearing for the state and J. R. Bennett and Wm. H. Ebbett for the defendants. The examination was postponed till Friday next, at 10 o'clock A. M.

The valise and contents, minus the money, was found this morning by Hiram Robinson and Isaac Howland who were in search of it.

It is reported that one or both of the defendants, above mentioned, registered fictitious names at the hotel where they stopped in this city, and that they have been recognized as residents of La Crosse.

This is a bold robbery, and we trust that no efforts will be spared to ferret out and bring the perpetrators to punishment.

The New York Tribune says the attorney general has commenced action against the Central railroad for the recovery of tolls, remitted by the act of 1850, amounting to \$5,000.00.

## Republican Meeting at Edgerton.

It will be seen by a notice in to-day's paper that a republican meeting will be held in Edgerton next Saturday evening, July 28th. The republicans of the town of Fulton are making an earnest and well-directed effort to bring that town reliably into the republican ranks, and ask their friends elsewhere to aid them in the work. It is designed to hold meetings in every school district in the town, and by this means incite a spirit that will redeem the town from the rule of the sham democracy. They expect to accomplish this work, but they must have aid from others in some portion of it, and the republican speakers in Janesville will be called on as the campaign progresses.

We want, however, to make a suggestion to our republican friends in Fulton, in connection with this matter. Neighborhood meetings and public speaking are a part only of the work to be done. Another, and a most essential part, you should rely upon no one else to perform. This essential part is a thorough canvass of your town, the preparation of an alphabetical poll list, on which each voter shall be checked as he votes, and the adoption of absolutely certain means to get out every republican at the polls. Combine this work with the series of meetings you propose to hold, and Fulton will wheel into the republican line with a majority that will leave no room to question or gainsay its position.

**HARVESTING AND THRESHING.**—By all means, and for the sake of a good name and a profitable one, do not do a loose business in the harvest field. There is no place where the practice of putting off till to-morrow what can be done to-day, is more disastrous. Cut less grain per day and more disreputable. Provide now for its security. Calculate a little. No man this season can afford to lose from neglect.

Another thing and an important one—Go into the field with a sickle as soon as the grain grows golden, and cut your seed. Select that earliest ripe of course, with other good qualities to correspond. Exclude chaff heads. Thrash it with a flail and store it away from rats and mice. We will warrant every kernel to grow and to determine such as "running out" will follow. Talk about wheat running out! No wonder when such stuff is sown, and little care taken to preserve the good qualities of a variety.

Thrashing!—with a great many farmers costs more than five times what it should—costs more in the waste of grain, caused by the haste to get through, the rioting of men and the general pow-wow made of the event. Thrash and clean so that the grain when marketed will be no disgrace to the name of a farmer. Good wheat will bring a price corresponding to its value over the mixture of our markets. Let every farmer hold it until it does, if possible. We never saw a farmer yet that could not sell a good article at very near its value. Exceptions find a cause in the supply or demand. A good flax-mill will pay for itself in two years, and last a lifetime if cared for, and kept under shelter.—*Pravie Farmer.*

There will probably be a large number of excursionists from Madison on the 30th. The Argus says:

The excursion will be a pleasant one, and as the Janesville people have twice turned out on their Madison visits, they should now receive a full delegation from here.

## ATTENTION

### Wide Awake!

Every member of the Janesville Wide Awake club will meet this evening at 7 o'clock, with torch and banner all arranged for drill. Every member must be present as business which intimately concerns each one, will be transacted.

## Life Insurance.

Those desiring this safe and cheap protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, being against and against the best business men in all the practical towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been most assuredly due to the fact that we have been able to give all our business to the state, and we are now in a position to give information as to the condition thereof, to all our friends who are desiring to be informed, in Janesville.
